

# The Tropical Biology Association

## Tropical ecology and conservation field courses

- We provide an exciting opportunity to learn first-hand about tropical ecology and conservation from internationally renowned biologists
- Gain practical field skills and try out new techniques
- Design and carry out your own research project
- Share ideas with biologists from around the world – our courses are unique because we give an equal number of places to students from Africa and elsewhere

Apply by February 20th 2015

Amani Nature Reserve  
Tanzania  
26th June - 26th July

Kibale Forest  
Uganda  
5th Aug - 4th Sept

Kirindy Forest  
Madagascar  
14th Nov - 14th Dec

### Who can apply?

Applicants must have completed at least 3 years of their first degree by the course start date. Teaching will be at Masters degree level.

We accept applications from students from member and non-member institutions.

### Scholarships

British Ecological Society scholarships of £200 are available. Visit our website to find out more.

### Course fees

The TBA is a charitable organisation that subsidises all students attending its courses.

The reduced fees are:  
£600 - students from member institutions  
£900 - students from non-member institutions

### Gain credit

The recommended European Credit Transfer System (ECTS) for a TBA course is 10 credits.

### How to apply

Application forms are on our website.

Closing date for applications:  
20th February 2015.
